Your 2007 and 2008 Boards met on December 30th at Terwilliger's on Canyon in Beaverton. The intention had been to check out Ernesto's Restaurant, recommended as a possible meeting site. Ernesto's was closed.

The meeting was led by **Robert WN7O**. Minutes were received. **Alvin KKB7VHI** offered the treasurer's report by telephone. **Wes K7WWG** was absent but reported through Robert that the repeater antenna modifications could not take place in December due to weather on Goat Mountain. A discussion of ways and means to build the Repeater Fund was held.

Our meeting place will continue to be Peppermill Restaurant in Beaverton for the next several months. The January program will be on HF Operating and will be presented by our Contest Group.

**Ron KD7VIK** reported that the next Contest for **W7OTV** will be NAQP January 19-20.

The 501©(3) Committee has been formed and will be reporting to the Board possible actions to either alter our present IRS status or add a charitable entity to our club operations.

The *National Contest Journal* sponsors two popular contests: the North American QSO Party (NAQP) and the North American Sprint. Each contest occurs in three flavors, CW, SSB and RTTY and occurs in most cases twice per year. The North American QSO Parties are favorites of beginners and seasoned operators alike. With their low-power only, multipliers-per-band format, these contests allow stations from all parts of North America to be in the running for the top spots. And their 10/12 hour format allows participants to do some great contesting and still have time for other activities during the weekend! Participants can enter in the single op or multi-op categories and have the opportunity to combine up to five separate single op scores into a team score.

The OTVARC Contest Group will be entering a multi-op team for the January 19 - 20 session of the North American QSO Party, SSB variety. For more information, speak with Ron O'Connor KD7VIK, our Contest Group Coordinator...kd7vik@arrl.net.
